To whom so ever it may concern,

This is to certify that [Jay Domadia](#), [Engineering student from K.J. Somaiya College of Engineering](#), was a part of many of social work events held by our non-governmental organization. He contributed from [September 2020](#) to [February 2021](#) as one of our social workers and took part in weekly held events.

This participant served for [6 hours](#) on an average every week.

In the past year, we've held our Annual ongoing Food distribution drives each week for the less privileged during these trying times, we also supported special children in school with educational supplies. We visited old age homes on the outskirts of the city to spend time with abandoned elders and provide for their lifestyle needs. Amongst these activities were our funding drives, to collect old newspapers from households in the locality, the funds from which are directly allocated to these upliftment activities.

We are thankful for his contributions and wish him good luck for the future.

Thanking you,

Yours Truly,

Arham Yuva Seva Group
